

AIR BLOW-OFF AND DRYING EQUIPMENT

Remove water, liquids, and debris with blow-off products from Maxum!

Prepare your products for assembly, packaging, labels, inkjet, inspection, powder coat, and more using energy efficient blow-off equipment from Maxum.

You can blow off fruit, vegetables, bottles, cans, metal parts, circuit boards, extrusions, and hundreds of other air blow-off applications.

Maxum offers energy saving blow-off devices like our Nozzle Bar[®] and our full line of Maxumizer[®] Air Blowers, Air Nozzles, and Air knives.

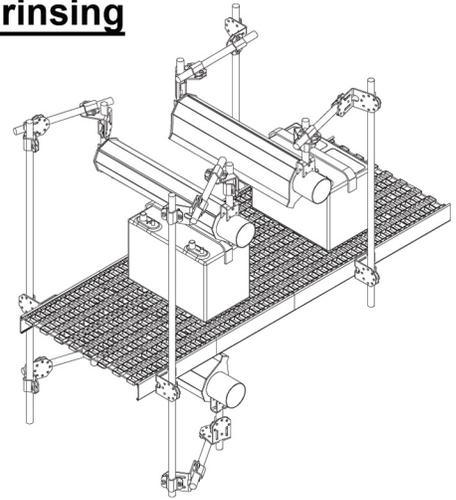

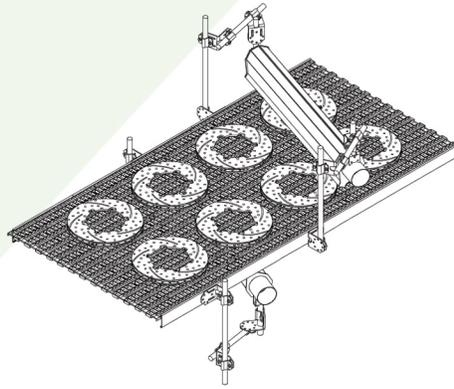

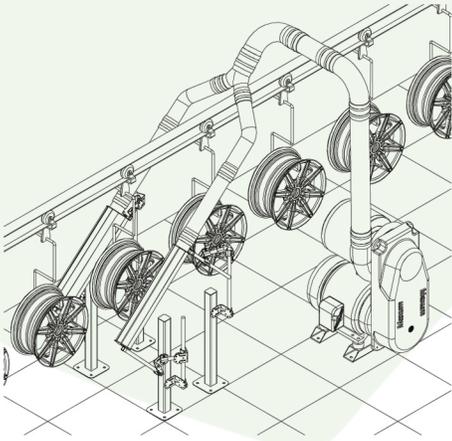

*U.S. Patent #8,814,067. Other patents pending.
