

BLOWER ENCLOSURES

FOR MODELS V20, V25, V30, V40

Maxum blower enclosures have a very small footprint and an integrated skid mount. They reduce the blower sound to a level acceptable for most manufacturing and production areas.

STANDARD ITEMS INCLUDE:

- Choice of 4" or 6" Outlets
- Outlet pressure gages
- Filter change gage
- Large washable filters with pre-filters
- Polypropylene exterior

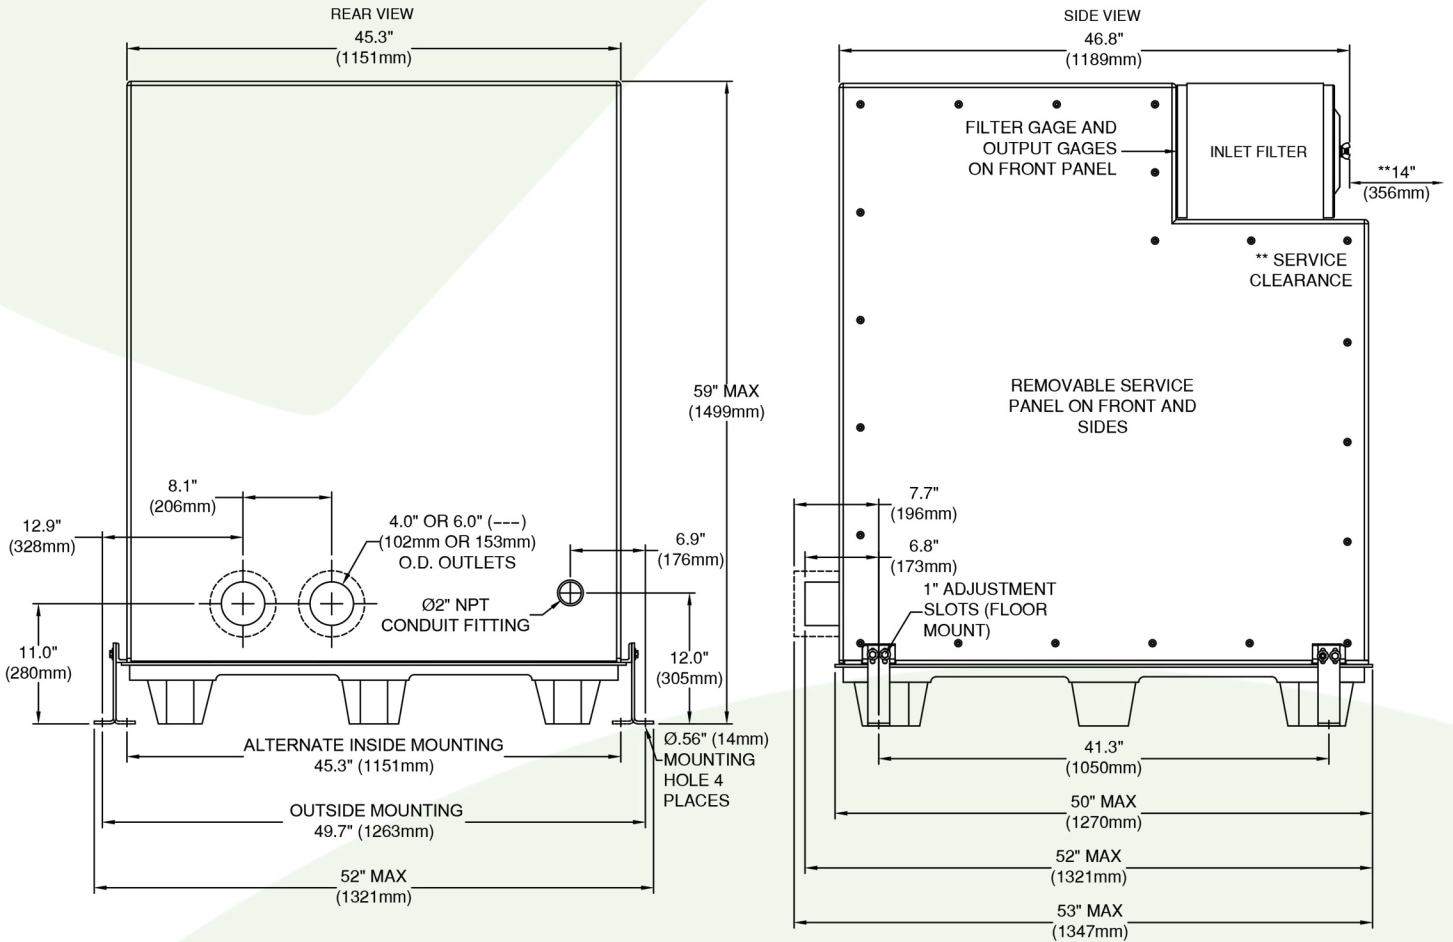

Maximum Performance..... Less Hype.
